Service

Service & Maintenance

For peace of mind 24/7

A 24/7 emergency helpline, professional support and call-out service is on hand throughout the year, with guaranteed response times by a qualified Airedale engineer. Our Service Plans also provide planned preventative maintenance which maximises resilience and uptime and improves the longevity of your chiller or air conditioning system.

And to save energy

Our planned, preventative maintenance:

- > Optimises the efficiency of your cooling system
- > Gives you real savings in energy
- > Helps you meet energy regulations

Choose a service plan to suit you

Our comprehensive Service Plans - ChillerGuard and SafeCool - cover the service and maintenance of chiller and precision air conditioning units respectively. Each Service Plan offers a choice of three standard maintenance packages - Bronze, Silver and Gold - which can be tailored to suit your specific requirement.

Benefits of a Service and Maintenance contract

- > Maximising performance resilience and energy efficiency
- > Enhanced equipment life
- > Fixed price within the duration of the contract
- > Spare parts will be discounted by a minimum of 25%
- > Ensures you are F Gas compliant

How we can make you F Gas compliant

- > We will do the regular leak inspection for you
- > We take care of all required record-keeping
- > We send fully certified engineers to you
- > We offer 24/7 support in the event of leak
