

Executive Profile

Scott L. Bowser

Regional Vice President – Americas

Scott L. Bowser was named Regional Vice President – Americas in March 2009. Mr. Bowser joined Modine in 1998 and has progressed through a series of increasingly responsible positions in operations and sales, including Plant Manager; General Sales Manager of the company's then-Truck Division; and, most recently, Managing Director – Modine Brazil.

In his current role, which is based in Racine, Wisconsin, Mr. Bowser is responsible for all Modine Original Equipment operations in North America and South America.

Prior to joining Modine, Mr. Bowser held leadership roles in operations, sales, general management and, ultimately, as president at The Pierce Company, an automotive and industrial engine components manufacturer.

Mr. Bowser has an undergraduate degree in Physics and Mathematics from Anderson College and an MBA from Bowling Green State University.
