The purpose of this policy is to define a clear hiring policy to be utilized when the Company is considering hiring employees, former employees or Close Family Members of employees of its Auditors. 4.0 HIRING POLICY

Restrictions on Hiring

The Company will not hire any employee or former employee of the Auditors for a position with the Company in a Financial Reporting Oversight Role or an Accounting Role, if such individual was a member of the Audit Engagement Team, until a minimum of two years has elapsed since the conclusion of such individual’s membership of the Audit Engagement Team. In addition, the Company will not hire a Close Family Member for a position with the Company in a Financial Reporting Oversight Role or an Accounting Role until a minimum of two years has elapsed since the conclusion of the associated individual’s membership of the Audit Engagement Team. The Internal Review Committee shall have the authority, on a case-by-case basis, to authorize exceptions if and to the extent permitted under applicable regulations.

Further, the Company will not hire any individual either currently or previously employed by the Auditors if the employment of that individual is likely to impair the independence of the Auditors. This determination is to be made by the Internal Review Committee.

Required Pre-Approval for Hiring

The hiring of any employee of the Auditors or any individual that was employed by the Auditors within the last three years must be pre-approved by the Internal Review Committee. This requirement applies to all job positions within the Company.

The Internal Review Committee will review the details of the hiring situation to determine whether or not the employment of the individual is likely to impair the independence of the Auditors. Based upon its review, the Internal Review Committee may approve the hiring if no independence or other concerns are identified.

The Internal Review Committee must be informed of all activities related to recruiting an employee or former employee of the Auditors that would require pre-approval under this policy. The Internal Review Committee must also be informed of recruiting activities of a Close Family Member for a Financial Reporting Oversight Role or an Accounting Role. Recruiting activities include informal conversations about employment opportunities, interviews, offers of employment, and all similar discussions or activities.
